

Male Adaptor 40 × 1"

Item # 100200040010

Technical Drawing Dimensions

Product Code	d [mm]	H [mm]	R [mm]	E [mm]	l [mm]	l2 [mm]	Unit Per Bag	Unit Per Carton	Weight [g]
100200040010	40	104	1"	70	73	19	1	140	145

Product Specifications

Product Features

Product Code	100200040010	Pressure Rating Water	PN 16
Family Code	1002	Body Material	Polypropylene, high-grade copolymer.
Product Name	Male Adaptor 40 × 1"	Unit Per Bag	1
Nominal Diameter Mains [mm]	40	Unit Per Carton	140
Threaded Outlet Diameter [mm]	1"	Weight [g]	145

Product Specifications

Product Features

Standards

ISO 17885 for water applications, AS/NZS 4129, ISO 7/1, BS 21, DIN 2999, UNI 9561, NEN 3258, AS 1722, DIN 8076

Chemical Resistance

Plasson Series 1 Compression Fittings are supplied with Polyacetal split and grip rings and NBR O-rings which are suitable for water. For use with media other than water, please check with your local Plasson representative.

Application

Plasson Series 1 push-fittings provide connectivity of PE pipe to a variety of plumbing pipe materials including PE, Copper, PB, and PEX. Inserting the pipe up to the fitting stop creates both the seal and the grip on the pipe.
